

Bring a Friend to Good Bodies and Save!

October is bring a friend to Good Bodies month. Shared training sessions are gaining favor for the mutual support, motivation, and affordability they offer. If you are an existing client, bring someone new and they can join with you for a trial shared session at no cost to either of you. If they decide to sign up for a package of training sessions, either individually or with you, we'll give you a complimentary session for the referral.

Both of you new to Good Bodies? You can try your shared session on the house as well. If you both decide to continue we'll take \$50.00 off the price of your first shared training package (savings of \$25.00 per person), or \$40.00 from an individual package if one on one training is a better fit.

Offer expires 10/31/17.
